

Communications Potential's Accessibility Statement

Communications Potential has set up the www.cavalrybarracksconsultation.co.uk website on behalf of Inland Homes plc (Inland Homes). This accessibility statement explains how Communications Potential aims to ensure that as many people as possible are able to use it. It also tells you how to report problems or request information in another format.

You should be able to:

- zoom in up to 300% without the text spilling off the screen
- navigate most of the website using just a keyboard
- navigate most of the website using speech recognition software
- listen to most of the website using a screen reader (including the most recent versions of JAWS, NVDA and VoiceOver).

We've also made the website text as simple as possible to understand.

AbilityNet has advice on making devices easier for people with a disability to use so that you can:

- [make your mouse easier to use](#)
- [use your keyboard instead of a mouse](#)
- [make your device talk to you](#)
- [talk to your device](#)
- [make text larger](#)
- [change your colours](#)
- [magnify the screen](#).

What to do if you can't access parts of this website

If you need information on this website in a different format, like accessible PDF or large print, please [contact us](#). We'll consider your request and get back to you in 10 working days.

Reporting accessibility problems with this website

We're always looking to improve the accessibility of this website. If you find any problems that aren't listed on this page or think we're not meeting accessibility requirements, please [contact us](#).

Technical information about this website's accessibility

Communications Potential is committed to making this website accessible, in accordance with the accessibility regulations.

This website is partially compliant with the [Web Content Accessibility Guidelines \(WCAG\) version 2.1](#) AA standard, due to the non-compliance issues listed below.

Non-accessible content

Non-compliance with the accessibility regulations includes the following:

Issues with documents

Many of our PDFs don't meet accessibility standards - for example, they may not be structured so they're accessible to a screen reader. This fails [WCAG 2.1 success criterion 4.1.2 \(Name, Role, Value\)](#).

If you need information in another format, please [contact us](#).

When this statement was prepared
